## The Total Pet Care Service

Dear Prospective Client,

Established in 1998, my business, Carol Cares Pet Care has been servicing Fairfield County families and their pets offering a wide variety of services. Whether you want to have your pet better socialized or requiring general pet sitting or walking services, we will provide you the right service(s) to meet your needs. I am fully bonded and insured, as well as an active member of Pet Sitters International ("PSI").

I have always had a great love of animals, especially dogs. My first dog was a toy poodle, Beau, which I loved and enjoyed for many wonderful years until he passed at the age of 17. I also rescued a "senior" Pomeranian a couple of years ago, Cinci. He, now at the ripe age of 12, is learning how to live the life of a spoiled "puppy".

Carol Cares has a variety of services such as vacation/overnight pet care, daily dog walking, pet sitting and pet valet. Below is some information that highlights these services:

**Vacation/Overnight Pet Care:** I provide my clients with the option of caring for their pet in the comfort of their own homes/environment or by having them stay at my home. In addition, dependent on your pet's schedule (and your preference) I will also walk your pet up to 3 or 4 times per day, or take him/her out with me to socialize and play with some of my other clients' pets. I can personally understand how hard it is for a family to leave their pets behind for extended periods, so we will send you a digital photo at the email of your choice so you can see how your furry friend is doing! Aside from my pet services, I will also take in the mail and newspapers as well as water plants (if necessary).

**Daily Dog Walks:** Dependent on you and your pet's schedule, while you are out our dog walkers will come to walk your dog up to 3 times daily. Our walks are up to 30 minutes and we have a one hour option as well and include play/cuddle time! I also, if my client permits, will bring your dog to your local "Dog Park". Before I leave, I always ensure your pet has fresh water and enough food. It doesn't stop at dogs! I also come in to feed your cats and clean their litter box; or feed your birds and clean their cages.

**Pet Sitting:** Some of my clients own pets that suffer from anxiety or excessive barking, and this can surely disturb your neighbors. I have seen an increase in 'pet sitting' requests over the last two years and had decided to launch my pet sitting service in order to help my clients out. Whether you have to run to the gym, meet up for an engagement or simply to run out and get groceries — while you are out I will ensure your pet has company. My clients drop their pets off at my home and most times it becomes a "play group". It's a blast!

These are just some of Carol Cares' services and I have various pricing plans and service packages that can easily be tailored to your needs. In addition, I am happy to provide you references upon request. My clients' tenure with Carol Cares ranges up to 8+ years.

If you would like to set up an appointment to discuss your needs further and to allow for me to meet your pets, please contact me on my cell phone at 203-984-3127. I want to thank you for your interest in Carol Cares and hope that we will soon establish a long lasting friendship with you and your pet.

Truly Yours,

Carol Mascia
